NO STAR TO-MORROW.

P[illegible]nt to the long established custom among the newspapers of Wilmington, the STAR will not be issued to-morrow, its employes taking the "fourth" for a holiday as usual.

It is said that women have got to wearing men's socks. Wonder if it's true?

The United States exported over $6,000,000 worth of boots and shoes last year.

Within the last ten years there has been a great decrease in the number of divorces in Prussia, but we cannot say as much for North Carolina.

Labor seems to command a good price in Kansas, as judges out there are sentencing vagrants to work in the wheat fields at $2,50 per day and board.

Mrs. F. F. Adams, Jr., wife of the president of the Adams Tobacco Company, was sandbagged by a woman and robbed of $18,300 while on train en route to Milwaukee.

In New York a court has handed down an opinion that a man eating in a quick-lunch restaurant cannot be required to take off his hat. We'll bet that judge is an old batchelor.

The Washington *Post* has discovered that the official returns show that there was a bridegroom for each of the June brides, even if they did not attract any attention.

The Chattanooga *Times* says it is graft and spoils politics of the worst sort that is responsible for the post-office scandals now, just as it was the same thing that produced the Star Route frauds. Moral: Turn the rascals out from top to bottom.

The Atlanta *Constitution* is of the opinion that the Mexican married couple who fought a deadly duel rather than bother the divorce court established a precedent which may greatly simplify the solution of intolerable marital felicity.

It is expensive to call a man a jackass in Kansas. Robert Sands, a Marion county farmer, applied this word to his neighbor, Bert Sanders. Sanders sued him for slander for $2,500 and secured a verdict of $400. Sands has appealed the case to the Supreme Court.

LATE PYTHIAN CONVENTION.

"Carolina Pythian" Speaks Interestingly of Big Meeting of Knights in June. Vice Chancellor Robertson.

The current number of the "Carolina Pythian," of Charlotte, devotes much space to an account of the Grand Lodge K. of P. convention in this city in June. On the cover page is an excellent half-tone cut of Maj. Wm. F. Robertson, the newly elected Grand Vice Chancellor, and on the editorial page is a brief sketch of his life. In its account of the Grand Lodge sessions the "Pythian" says:

"The thirty-third annual convention of the Grand Lodge has passed into history. It is not necessary to say to those fortunate enough to be present that it was the largest and most enthusiastic convention of Pythians ever held in the State. All lodges were represented except three. * * * The fame of Messrs, Woodward, Taylor, Nutt, Robertson, Holden and others as hosts, was known, but on this occasion they excelled themselves. System characterized every movement, and all were made to feel at home from the moment they landed in the city of Wilmington.

"The first movement was for the Seashore Hotel, on Wrightsville Beach, where all visitors had headquarters during the convention. Manager Hinton made the stay of every visitor a pleasure and delight. The weather was perfect. With such impressions it is no wonder Wrightsville is fast becoming one of the most popular coast resorts in America. The trolley ride of nine miles from Wilmington is delightfully bracing and appetizing.

"The convention was called to order by Grand Chancellor Scott on Tuesday evening at 8:30 o'clock in the elegant new castle on Front street.

* * * * * * *

"Having brought the convention to the noon hour, Bro. J. D. Nutt, of the Entertainment Committee, came forward and extended an invitation to all to follow him and he would endeavor to satisfy the cravings of the inner man. The arrangement was indeed unique, and Bro. Nutt and his committee cannot be too highly praised for its conception. The smiling faces and fair hands that so gracefully served caused the gastric juices of the most confirmed dyspeptics to start afresh, if one could judge from the rapid flight of soup, ham, chicken salad, coffee, milk and cream. The genial Taylor, the proud king of the judiciary, was there in spotless linen, and handled dishes with the ease of a veteran. The pleasures of this day were repeated on Thursday, at the conclusion of which the ever-ready Barnard was called for and gracefully thanked the fair ladies in the name of the Grand Lodge for their splendid entertainment, and heartily did all echo his beautiful sentiment to women everywhere blessed, devoutly adored."

Injured in a Runaway.

In jumping from an ice cart to which a runaway horse was attached yesterday about 1 o'clock at Sixth and Campbell streets, Mr. W. S. Wishart, of the Independent Ice Co., was thrown so violently to the ground that he had to be sent to the hospital. The negro driver jumped off the cart and manfully held on to the lines until the runaway team was stopped at Sixth and Red Cross streets. The only damage to the cart, which was heavily laden with ice, was broken shafts and single tree.

St. Andrew's Presbyterian Church.

Rev. Lucien E. Wells, of Teachey's, N. C., will preach at St. Andrew's Presbyterian church to-morrow at 11 A. M. Sabbath school at 4 P. M. No services at night. Rev. Mr. Wells while in the city will be the guest of his sister, Mrs. Catherine King, North Fourth street. The pastor will spend the Sabbath with Rev. Peter McIntyre, at Mount Olive and Faison, and assist in the organization of a Presbyterian church at Calypso Sabbath afternoon.

Tug "Fawn" in Port.

The smart little tug "Fawn" recently purchased from the Swansboro Lumber Co., of Newbern, by Messrs. Will L. Miller, Matt J. Heyer and Jud. Ward, of this city, arrived yesterday after having been delayed a day at Wrightsville on account of head winds. She passed up from Southport at 3 o'clock yesterday afternoon.

Petition for Bankruptcy.

Fayetteville *Observer*, 3rd: "A petition, through creditors' attorneys, Messrs. Oates & Nimocks, has been filed in the United States Court at Wilmington asking that Messrs. A. S. Maultsby & Brother be adjudged bankrupts. Messrs. N. A. Sinclair and H. L. Cook are in Wilmington to-day in the interest of Maultsby & Bro."

LOCAL DOTS.

— Church notices may be found on the second page of to-day's STAR.

— Alderman Gafford will repair to the old Venus wreck at Carolina Beach for a fishing frolic to-day.

— Schooner "Annie Ainslie" cleared yesterday for New York, with cargo from Cape Fear Lumber Co.

— The courtesies of the yacht clubs at Wrightsville Beach are extended to members of each other to-day.

— License was granted yesterday for the marriage of Luther B. Murray and Miss Rosa Lee Beach, both of Wilmington.

— A car load of tar barrels for illumination purposes at Wrightsville Beach "on the night of the fourth" were sent down yesterday afternoon.

— Dr. Vines' subject at the First Baptist church Sunday morning will be, "The Christian's Vision of the Universe;" at the evening service, "What is Success?"

— A runaway horse, attached to a dray, made a wild dash up Front street yesterday morning, creating a bit of excitement but doing no damage of consequence.

— Health Inspector D. W. Willis has been sworn as a special officer to assist "Chief" J. A. Martin in handling the "fourth" drunks at the Beach to-day.

— The United Charity Association will hold its quarterly meeting Thursday, July 9th, 1903, at 4 o'clock, at Chestnut street Presbyterian church. All members are requested to attend.

— Fayetteville *Observer*, 3d: "A train consisting of 14 cars of peaches passed through here yesterday for New York from Georgia. It was making record-breaking time, as all trains were sidetracked for it."

— The crazy negro who created some excitement by his violence in "Brooklyn" Thursday morning, proved to be Alex. McPherson, of Leland, Brunswick county. Chief Furlong will send the man to South port to-day.

— By deed filed for record yesterday, A. M. Waddell, Jr., and wife transferred to Oscar H. Wright, for $1,750, house and lot on west side of Second, between Nun and Church streets, 56x60 feet in size.

— Bryant Jones, colored, who some time ago, while firing a pistol at random in "Brooklyn," accidentally shot another negro through the arm, was fined $10 in the police court yesterday for shooting a pistol in the city limits. In default of the fine he went to the roads for 30 days.

— Of the 1,000 dog badges ordered by the City Clerk and Treasurer for this year's crop of canines, only 29 remain unsold. The remnant stock will be sold at "bargain day" prices, which are the same as usual, $1 for males; $2 for females.

— Anna Palmer, an insane colored woman, of Georgetown, S. C. was before a commission of lunacy yesterday, and the Clerk of the Superior Court will write Governor Heyward, of South Carolina, to provide for her being returned to that State as early as possible.

— Carolina *Pythian*: "The death of Bro. J. M. McGowan, of Wilmington, just at the close of the Grand Lodge, was strikingly sad. The good old brother was present at the ceremonial session of the D. O. K. K. on Wednesday night and expressed himself as feeling unwell. He had long been in harness; always loyal, always faithful. Peace to his ashes."

— Tom Gilligan, white, was charged in Justice Fowler's court yesterday with forcible trespass upon the premises of John Lawson, on Greenville Sound. The warrant was amended to wilful trespass and judgment was suspended on payment of costs. Walter P. Gafford, Esq., appeared for the defendant.

Release to C. R. L., & P. Co.

A deed was filed for record yesterday by the Wilmington Savings and Trust Co., releasing the Consolidated Railways, Light and Power Co., from a certain mortgage bearing date Oct. 1st, 1891, and given by the Wilmington Seacoast Railroad Co. upon all its equipment to secure an issue of $50,000 coupon bonds, which have now been fully satisfied and destroyed. The C. R., L. & P. Co., is successor to the Seacoast road, hence the release to that corporation.

Delightful Boat Party.

A delightful sailing party was given at Wrightsville yesterday by Mr. B. C. Fennell, of Charlotte, in compliment to the following popular guests at the Seashore Hotel: Mrs. R. W. Wallace, of Wilmington; Mrs. E. W. Smith, Rocky Mount; Mrs. G. W. Montcastle, Lexington; Misses Lucy Oates, Sadie Belle Mayer, Katheryne Jordan and Lillian Rhyne, Charlotte; Mr. John Wilson, Richmond; F. P. Turrentine, Wilmington. The party went five miles to sea and were most charmingly entertained.

St. Stephen's Church.

An excursion will be run to Charlotte on the Seaboard Air Line July 13th, under the auspices of above church, leaving Wilmington at 5:30 A. M., and returning leave Charlotte at midnight on Tuesday. Separate coaches for whites. Fare for the round trip from Wilmington one dollar and a half. Finest chance this season to visit the "Queen City." Don't forget the date. †

The fireworks at Wrightsville Beach will be glorious. Don't miss the sight. †

THIS THE GLORIOUS FOURTH.

Celebration Hereabouts This Year Promises to Eclipse All Former Records.

Variety of Attractions at Wrightsville Beach, Including Pyrotechnic Display and Yacht Races—Carolina Beach and Southport Will Be Popular; Also Lake Waccamaw—Fishing Parties.

If indications count for anything North Carolina, and especially this Eastern section of the State, will have to-day the greatest celebration of the Fourth of July, perhaps, in its history. At each of the beaches, at Southport, in Wilmington, at Lake Waccamaw and many other places in contiguous territory, elaborate programmes have been mapped out and without paying any particular attention to the significance of the holiday, the people will turn out almost en masse for a day of recreation and sport. Numerous private fishing and hunting parties have been made up in Wilmington and as there will be practically a suspension of nearly all lines of business the city to-day will present a deserted appearance.

The banks, Chamber of Commerce, City Hall and Court House offices, Custom House, and many other places will be closed during the entire day, while half-holiday will be observed by not a few. The postoffice will observe the following hours. General delivery and stamp windows open from 9 to 10 A. M., and 6 to 7 P. M. Carriers will make only one collection and delivery. Money order and registry department closed all day.

At Wrightsville Beach.

Perhaps the greatest variety of Fourth of July attractions will be offered at Wrightsville Beach. The performances at the Casino, open air concerts galore, the merry-go round, surf-bathing, the exercises by the Naval Reserves, the slack wire artist, the yacht races, and last, but not least, the magnificent display of fireworks from the "Hammocks" at 9 P. M., will be sumcient to entertain the tremendous crowds that alwwas spend their "Fourths" at Wrightsville.

Mr. T. J. Newkirk, an expert direct from the Paine works in New York, arrived at 6 o'clock last night to superintend the magnificent display of pyrotechnics, which will be identical with those given at Manhattan beach and other great Northern resorts where the "Fourth" is the most "glorious" holiday of the year. The programme of events at the beach and a list of the fireworks to be used may be seen by reference to an official programme published on this page elsewhere.

At The Casino and Pavilion.

One of the chief places of amusement at Wrightsville will be the seaside theatre, "The Casino." There will be given three performances, at 12 M. and 4 and 8:30 P. M., which hours will enable all attending to "take in" the boat races and the fireworks on the Hammocks. The price of admission will be the same as usual, which is car fare and reserved seat for 50 cents. Don't fail to attend the grand free show by Signor Guilmetti at 11:30 A. M.

At Carolina Beach.

If the temperature of the past three days may be taken as any indication of the weather we are to have to-day, there can be no more delightful trip than one of the five offered by Capt. Harper, of the steamer "Wilmington," to Carolina Beach or Southport. The celebration at the beach will be under the auspices of Jeff Davis Council, Junior Order of United American Mechanics, than which there is no more patriotic order in the world. The committee in charge is composed of Messrs. Jno. E. Wood (chairman), M. C. Curllee, J. A. Jordan, Jno. E. Gordon and B. F. Dukes. Plenty of ice water will be furnished free of cost and the programme of entertainment is par excellence itself. The best order will prevail. The boats leave at 8:30 and 11 A. M., 2:30, 5:00 and 7:30 P. M. The fare for the round trip is only 25c.; to Southport, 35c.

The Celebration at Southport.

The celebration at Southport this year is also on a more extended scale than ever before and Wilmington people are cordially invited. Iredell Meares, Esq., will be the orator of the day, and on the amusement programme there are a number of field sports, yacht and sharpie races and music all day by the Post Exchange Band, of Fort Caswell. The national salutes from the fort morning, noon and sunset may be plainly heard and patriotism will be the order of the occasion. The people of Southport are always hospitable but to-day they will have more than a cordial welcome for each and every visitor.

At Lake Waccamaw.

As usual on the "fourth" many people will seek the picturesque banks of Lake Waccamaw for their day's outing. Catering to public demand the Atlantic Coast Line will operate a special train to the Lake, leaving at 8 A. M. and returning, leave the Lake at 7:30 P. M. The fare for the round trip is only 75c. for adults; 50c. for children.

Off For Black Fish Grounds.

A large number of local anglers left last midnight on the steamer "Sanders" for a day's sport at the celebrated black fish grounds. They will return to the city late this afternoon. A number of private fishing parties have also been made up, several of which left the city yesterday afternoon. The Fort Fisher Rod and Gun Club will be the mecca to which many members of that popular organization will flock. Advance guards have sent word that the sport is "great" and the average fisherman can't withstand a message like that on the "fourth."

Ready to Handle the Crowds.

The Consolidated Railways, Light and Power Company announces that the damage to the apparatus at the Wrightsville sub-station has been repaired, and everything is again in working order. The machinery was started yesterday and Mr. Wheeler, the engineer for the Westinghouse Company, says that everything is satisfactory.

Twelve electric cars and trailers will be operated on the suburban line between Wilmington and Wrightsville Beach, which should easily take care of the travel. But, as a measure of precaution, the company will have a steam locomotive and train of eight or ten cars stationed at Wrightsville Beach with a view to prevent overcrowding during rush hours.

The company has provided a large awning which has been placed just south of the Atlantic Yacht Club. This awning is for the benefit of those who wish to take their lunch and tea with them and remain on the beach to see the fireworks display. This will provide a good shelter and resting place free for all, and will be provided with free ice water. Free ice water will also be provided at the Casino pavilion.

Fayetteville Observer Personals.

Fayetteville *Observer*, 3rd: "Miss Janie R. Williams left for Wilmington this morning on the "City of Fayetteville," and will be the guest of Miss Martha Williams at the Beach. —— Mr. and Mrs. D. S. MacRae and children and Mr. John D. Williams and little daughter, Emmie Belle, returned from Wilmington last night on the "City of Fayetteville." —— Mrs. W. L. Holt and children went down to Wilmington on the "City of Fayetteville," en route to Wrightsville Sound, where they will spend several weeks at the Atlantic Hotel. —— Mrs. T. A. Smoot and children went down to Wilmington this afternoon to visit Mrs. Smoot's mother, Mrs. McGirt. —— Mrs. W. M. Morgan and children and Misses Mary and Katherine Walker went down to Wilmington this morning on the "City of Fayetteville," and will come back on her on the return trip."

Funeral of Mrs. N. M. Hunt.

The funeral of the late Mr. Mary E. Hunt, wife of Mr. N. M. Hunt, foreman at the Wilmington Cotton Mills, was conducted at 11 A. M. yesterday from the late residence, 810 South Second street, the Rev. F. M. Shamburger, pastor of Fifth Street M. E. church, officiating. The floral tributes were very pretty and many friends were in attendance to pay a last sad mark of respect to one whom they loved and admired. The pall-bearers were Messrs. B. M. Wilson, J. E. Reville, Wm. Darden, Walter Brown, Edward Blair and R. A. Burneti.

West Point Cadetship.

The Fayetteville *Observer* of yesterday afternoon has the following to say of Mr. William Owen, who passed through the city yesterday en route to West Point: "Mr. Thos. McNeill, of Lumberton, who received the appointment to the cadetship at West Point recently, decided not to accept it, and Congressman G. B. Patterson has appointed Mr. William Owen of this city. Mr. Owen has gone to West Point to prepare for the very rigid examination he will have to stand. He is a bright boy, and we trust he will be able to pass alright."

Revenue Changes.

Fayetteville *Observer* 3rd: Mr. S. M. King, who succeeded Mr. W. J. Sutton as Revenue Collector of this the 7th Division, and who was succeeded as postmaster at Elizabethtown, Bladen county, by Mr. Sutton, is now out of a job, on account of the reduction of the revenue force in the State, which has been also redistricted. This division is now No. 6, with J. P. H. Adams, of Raleigh, in charge, and composed of the following counties: Wake, Johnson, Cumberland, Bladen, Sampson, Duplin and New Hanover.

WAS IT PROPERLY ADMINISTERED?

Oath by Clerk of Police Court Declared Invalid by Justice Fowler.

John Henry Keel, alias "Hanna's Son," the half-witted colored boy who turned State's evidence in the police court against half a dozen other negroes caught gambling in "Dross Neck" and bound over to the Superior Court by Mayor Springer, was arraigned for perjury in Justice Fowler's court yesterday at the instance of Frank James, one of the number implicated, who subsequently proved himself not "among those present" when the house was raided. Herbert McClammy, Esq., represented the prosecuting witness, but Keel, alias "Hanna's Son," escaped on a technicality.

Sergeant Ward, clerk of the municipal court, was the first witness and testified that the oath at the mayor's court was administered to Keel by him. Asked if the oath was administered by him in his capacity as a magistrate, Sergeant Ward replied that it was not; that he administered the oath as clerk of the mayor's court. Thereupon Justice Fowler held that the oath was not legally administered and Keel was discharged. The invalidity of the oath as declared by Justice Fowler may have the effect to set at naught the evidence against the five negroes in jail for gambling, unless the court overrules the justice.

Anti-Saloon League.

The Wilmington Anti-Saloon League met last night in the library of the Y. M. C. A., Mr. W. H. Sprunt presiding in the absence of President Philander Pearsall, and Mr. W. B. Cooper present as secretary. There was a very general discussion of local affairs, but no action was taken. The idea of the establishment of a weekly temperance paper was discussed at some length by John Gano Marshall, Rev. J. R. Marshall, S. F. Thompson, late of Chadbourn, Rev. J. A. Smith and others, but nothing definite was arrived at. A committee composed of Messrs. B. F. Hall, W. B. Cooper, Jno. Gano Marshall, W. H. Sprunt and J. T. Gordon, was appointed to canvass the situation thoroughly and ascertain the probable support of such an enterprise and the territory that may be likely interested.

Wilmington Grocery Company.

A special from Raleigh last night says the Secretary of State yesterday chartered the Wilmington Grocery Co. with capital stock of $5,400 subscribed. The incorporators are B. F. Hall, A. M. Hall, W. D. Hall and J. L. Boatwright.

SATURDAY MORNING, JULY 4.

THE CHINESE TREATIES.

New York *Tribune*: Much depends upon the treaty which is now being negotiated between the United States and China. A somewhat similar treaty has been concluded with China by Great Britain, of which the ratifications are about to be exchanged. But some of its terms are indefinitely expressed, so that England is looking more to our treaty than to her own, on account of the more explicit terms of the instrument which we are making. Japan also is regarding it with much interest, realizing that the success of the American negotiations will go far toward regaining for her and for the world the beneficent results which she sought to attain from the treaty of Shimonoseki, and of which she and the world were deprived by European interference. It has been intimated that the same influences which were arrayed against Japan at that time are now seeking to defeat America. However that may be, the ends sought by the pending treaty are matters of the highest interest not only to America, but also to all commercial nations doing business with China.

Apart from the maintenance of the "open door" and equal privileges for all nations, the treaty contains two major proposals of a novel character. One is that all tariff duties on imports shall be levied in a lump at the frontier custom houses. That means the abolition of the likin. What the likin means may be appreciated by supposing such a system to be applied to an invoice of foreign goods bound for Chicago. An import duty would be levied upon the goods on their arrival at the port of New York. Another tax would be imposed when hey were taken over to Jersey City. When the train reached Philadelphia, supposing shipment to be made in that direction, another import would be collected. Another would be exacted at the Ohio line, another on crossing into Indiana, another at the Illinois frontier and still another, perhaps, on finally entering the city of Chicago. Moreover, each of these inland tariffs would be levied not at a rate fixed and known in advance, but according to the taste and fancy or the pecuniary requirements of some local functionary, often of corrupt and extortionate proclivities. Such a system would be regarded as intolerable, and would be a hopeless barrier to foreign trade. The American demand is that such a system shall be abolished in China. If China needs the money thus collected let her collect it all at the point of entry of the goods, and let the rate of duty be fixed and known, so that merchants will be able to know in advance what it is going to cost to get their goods to their destination. That demand is obviously reasonable and just, and calculated, we believe, to promote the interests of Chinese consumers as well as of foreign shippers.

The other demand is for the opening of additional ports of entry, or "treaty ports," and especially of two or three in the Manchurian provinces. Ports in that region are selected for the reason that they are nearest to America, and American trade is greatest with that part of the empire. Such opening of ports would also be for the good of China as well as of America, since it would facilitate the introduction of foreign goods and tend to lessen the price of them, and would tend to bring China more and more into touch with the rest of the world. These considerations seem to be recognized by the Chinese Government, which makes on its own account no objection to the opening of the ports. But it delays to open them because of some undefined influences in the background, which, it says, make it inopportune for them to be opened at this time. There are those who declare that those influences are Russian, and they point to certain apparently authentic instances of Russian opposition to further opening of ports in Manchuria. Such opposition on Russia's part, however, if it existed, would have to be regarded as without adequate foundation. It could scarcely be because of the difficulty of maintaining order in Manchuria during Russia's temporary occupation of those provinces. For the more the provinces are opened up to foreign trade and intercourse the greater will be the influences making for order. Neither could it be because Russia meant to take Manchuria for her own. For, in the first place, Russia especially disclaims any such intention; and, in the second place, she declares that whatever territory does come under her sovereignty is to be opened freely to the world.

The sources of opposition to these desirable propositions are thus involved in some obscurity. Whether or not their identity is ever determined does not matter so much as it does that the opposition shall in some way be overcome, and that a treaty so evidently to the advantage of commerce and civilization shall be successfully concluded.

WIRELESS TELEGRAPHY.

The Lodge-Muirhead system of wireless telegraphy has just been launched in commercial form in England. The system is based mainly on the inventions of Sir Oliver Lodge, says the Philadelphia *Ledger*, the apparatus being worked out by him in conjunction with Dr. Muirhead. One of the principal novelties in the system is the use of a new form of coherer in the receiving apparatus. A small steel disc is rapidly rotated with its edge just above the surface of mercury contained in a small cup. A film of oil on the mercury separates the latter from the polished steel, except when the film is momentarily interrupted by "cooloring" between the steel and mercury. The rotation of the disk immediately "coheres" the contact, so that no tapping is necessary. This coherer is said to be absolutely reliable and of great sensitiveness. The system also employes an automatic interrupter to break up the Morse dots and dashes as sent by an ordinary transmitter into a rapid succession of electric impulses. Sending and receiving circuits are closed circuits, connected with the actual station wires by transformer coils. This arrangement, which is widely used, is said to be original with Lodge, and covered by his patents.

Several criminal assaults have been made upon white women by negro brutes in different parts of North Carolina during the past few days. The latest is Mrs. Lizzie Wentz, an old lady who lived alone in Union county. After accomplishing his hellish purpose he robbed the old woman of all the money she possessed, leaving her in a precarious condition. The negro is still at large, although a diligent search has been made for him.

Congressman Thomas, of Newbern, was interviewed by a *Post* reporter in Washington a few days ago. Among other things Mr. Thomas said: "The trend in our State on Presidential candidates is toward Gorman and Parker," declared Mr. Thomas, "and I believe one of those men will be the nominee. We must have a man who can harmonize the two factions of the party and also a man who can carry New York."

The North American Review for July is at hand. As usual, it is filled with interesting reading matter.

CURRENT COMMENT.

—— Any effort to check the postal investigation because it might hurt the memory of President McKinley is futile. His memory is safe. The offenders are alive, and if guilty they ought to be hurt.—*Watertown Times*.

—— The Southern people are not rejoicing because lynchings occur in the North, but they would like the Northern people to be frank and fair in the discussion of the lynching evil. They don't want the opprobium of the lynching evil saddled wholly upon them when Northern people are as quick to resort to the most barbarous kind of lynching as they are.—*Savannah News, Dem.*

—— There is a hat trust as well as a steel trust, or at least there is a trade agreement among the leading manufacturers by which the prices of hats, bonnets and hoods, are put up about 66 2-3 per cent. above what an imported article would sell for. A hat that costs $5 all over the United States at retail is matched by an equally good article sold in Canada at $3, and so on and so on. On all articles of clothing the robbery is stupendous, and the clothing trade comes next to the steel and iron in value.—*Louisville Courier-Journal, Dem.*

SPIRITS TURPENTINE.

— Grand Secretary Woodall has received applications for new lodges of Odd Fellows at Weaverville, Burnsville and Jamestown.

— Dunn *Guide*: One of the factories in town received orders one morning this week in one mail amounting to $33,000. All the factories are crowded with orders and three months behind on many large orders.

— Goldsboro *Argus*: Hogs are dying in great numbers in our neighborhood and the prospects are favorable for meat to be high again this fall. We have heard of several farmers who lost every one they had, since they gave them in for taxes

— Magnolia cor. Clinton *Democrat*: Mr. Thomas Fryar, a highly respected citizen, died Monday afternoon after an illness of several weeks, aged about 74 years. Interment at the cemetery Thursday morning, Rev. Dr. Hufham, of Warsaw, conducting the services.

— Asheboro *Courier*: The fourteen-year-old son of Mr. Steven Davis, of Montgomery county, was killed by lightning Monday evening. The boy was standing near a window when the bolt of lightning came through, broke the glass and killed him instantly. Mr. Davis lives about one mile from Steeds.

— Clarkton *Express*: John Newell, one of our most highly respected colored men and best farmers, had a little less than two acres in strawberries the past season that turned him out $418.40. He considers that at least $200 of this is clear profit, above the cost of cultivation, fertilizer, picking and all.

— Duplin *Journal*: Duplin county Confederate veterans will hold their annual reunion on Thursday, August 6th, at Kenansville. Everybody get ready for a gala day and give the "Old Boys in Grey" still on this side a good time. Their's was a glorious cause which members should annually be brightened by such reunions that coming generations may know the chivalry and heroism of their folk. Barbecue, brass band and a big speech will be the order of the day.

— Charlotte *Observer*: News of an assault that occurred in a remote section of Union county a day or two ago reached Charlotte yesterday. An unknown negro man outraged and critically wounded Mrs. Lizzie Wentz, an aged white woman, who lives in a house alone. Mrs. Wentz has often been advised by friends to move nearer town, but she always resisted their entreaties and rested content in the belief of her perfect safety. After committing the crime the negro demanded all the money that Mrs. Wentz had and she turned over to him her savings to keep from being killed at once. The negro then disappeared.

— Asheville *Citizen*: Rev. Dr. Thomas E. Skinner, one of the oldest and best known Baptist ministers in the State, is critically ill at Jackson Springs, his attack of bronchitis having developed into pneumonia. —— All honor to Palmer Davis, the negro boatman who saved a whole family from drowning at Beaufort. The Joseph family, from Kinston, were in bathing, when one of the children went beyond its depth and the whole family rushed to save it. Not one of them could swim, and being in water over their heads, they were just going down for the last time, when Palmer Davis jumped in and pulled them out.

— Lexington *Dispatch*: It is reported that some five or six Lexington gentlemen are losers to the extent of several thousand dollars by playing the wrong side of Wall street market in cotton futures last week. One man alone is said to have lost $3,300, while the other losses range from $400 to $1,200. —— Clay Owen, the 11-year old son of James Owen, of Fairmont, this county, died Friday of last week as a result from eating plums. One day last week the boy ate a large amount of this fruit, swallowing a number of seeds with it. He was taken ill on Wednesday and suffered great agony until death occurred early Friday morning.

— Greensboro special to Raleigh *News-Observer*: W. E. Shargreen, who was a local collector here for Collier's Weekly and publications of the University Publishing Company, of Washington, D. C., was instantly killed here by a train on the Southern Railway shifting yards near the old C. F. and Y. V., depot at eleven o'clock to-day. He was crossing the tracks, and seeing a shifting engine approaching, stepped from that track on to another, when a train which was being made up, was backing from an opposite direction. He was knocked down by the box car, falling under the bumpers and was completely disembowelled, though not otherwise disfigured or mangled.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick, of Colusa, Cal., writes: "For fifteen years I endured insufferable pain from Rheumatism and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." "D. D. D.," the astonishingly effective new

Skin disease prescription

Eczema, Salt Rheum, Barbers' Itch, Erysipelas—all eruptions, scaly diseases and parasitic affections of the skin positively cleared away in a hurry. A clean, pleasant liquid (non-greasy) externally applied—sponged or sopped over the parts. Instantly stops all irritation. Soon clears out absolutely all affected conditions.

(*Here is a case cleared away with two bottles.*)

(*Case of daughter of Mr. Mose Hartman, permanently cured of a bad skin disease after two bottles only of this D. D. D. prescription.*)

I vouch for these facts.

They have been proven to me beyond the possibility of doubt.

Some weeks ago the astonishing record of this prescription—proven to me by indisputable evidence—induced me to give it my unqualified recommendation to the public. Since then D. D. D. has cured so many who obtained it from me that its record with me has been fully equal to its previous history. I have not seen a single instance of disappointment. It seems to do the work every time. In nine cases out of ten, manifestations on the skin are *skin* diseases—not blood diseases. Many purchasers formerly miserable, thinking they had a bad blood disease, have found it was merely a skin affection and have cleared it all away with this prescription.

Among all the known reliable specific medical influences for different ailments I know of very few discoveries so certain in effect as this D. D. D. prescription in its quick conquest of skin diseases of all kinds.

A FEW CURES OF WELL-KNOWN PARTIES.

Chicago, April 7, 1902.

"About six months ago my daughter began getting sores all over her body and was gradually getting worse. Nothing seemed to do her any good, although we tried different medicines but without success. She would scratch continually and was a sight to look at. I was asked to try a bottle of your D. D. D. remedy, which I did, and to my surprise it worked wonders on her the second day, and before the bottle was empty she was almost cured. The second bottle completely cured her. I will highly recommend your remedy to any one suffering with skin disease; the fact is I cannot say enough for it."

Wishing you every success I am, yours very truly,
F. ELINKAMER, 2901 Fillmore Street.

"I am glad to say that the bottle of medicine furnished by you in July last has been of great benefit to me. I am now free from the annoyance heretofore suffered from Eczema on my ankles. I have also cured a friend of mine who had two or three spots on his face." W. J. FORTNER, St. Paul, Minn.
Vice President and General Manager of Great Northern Express Co.

"That wonderful discovery, the D. D. D. remedy, cured me of a bad case of Eczema of long standing, which the physicians could not cure. I cheerfully recommend it to all persons afflicted with any kind of Skin Disease." C. R. WOODWARD.
(Ex-Mayor), Cairo, Ill.

"I have been troubled for years with Eczema of the skin and tried a great variety of remedies and cures, with no apparent relief. Doctors were unable to benefit me in any way. A friend of mine gave me a bottle of your D. D. D. remedy to try. Before the contents of the first bottle were consumed I am glad to say your remedy had proved entirely satisfactory and had cured me.

I take great pleasure in recommending it to all and everyone suffering from any disease of the skin."
Sincerely yours, JOHN D. BARGHOT.
(A well-known Chicago business man.)

"The D. D. D. remedy cured me of Lichen-Ruber in two weeks. I had bathed and treated at Hot Springs, Ark. for six weeks. The hot waters irritated me and made me worse. My body was covered with eruption from head to foot."
GEO. GEBERT, No. 250 43rd St., Chicago.

Chicago, April 6, 1902.

I got some kind of a skin disease in a barber shop and I tried a half bottle of your D. D. D. Remedy and I must say it cleared my skin fine. I asked the druggist for a salve and he says the D. D. D. would be the best thing for me. I thought the price was a little too much, but if I ever have any kind of a skin disease again I am willing to pay ten times as much. I think it the best remedy in the world for any kind of a skin disease. Yours truly, FRANK W. KOLLE,
54 West Irving Park Boulevard, Chicago.

The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Company, 70 Dearborn Street, Chicago.

It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing.

It is used in the Cook County Hospital, Chicago.

It will clear off any parasitic break in the skin in from 2 days' to 60 days' time.

If you have a skin disease visit the above agents and see proofs that will make you a happier human being.

$1.00 buys this prescription—already made up in sealed bottles—with authentic label on each. The above concern will fill mail orders on receipt of price.

COTTON MARKETS

By Telegraph to the Morning Star.

NEW YORK, July 3.—The cotton market opened steady at a decline of eleven points to an advance of two points. The declines were on the near positions with August showing the greatest weakness on the lower cables, accompanied by reports that short notices were pressing on the market in Liverpool. This brought out considerable selling by tallers and very shortly a decline of twenty points was apparent on August with the late months showing comparative steadiness in spite of the fine weather as a result of uncertainty over crop prospects and the government's report. Just before midday the market rallied slightly from the lowest by covering, and when the government report arrived September was selling at 11.52, October at 10.36 and August 12.58. When the government figures were announced placing the average for the entire belt at 77.1 against 74.1 the preceding month there was great excitement and considerable activity. The figures were just about an average of popular opinion and consequently the two factions were disappointed, with the result that early buyers on expectations of a condition around 75 liquidated while those who had sold in expectation of a report placing the condition around eighty per cent. covered. The immediate result on prices was a sharp break which affected chiefly September and October. These sold down seven to thirteen points and the later positions remained steady. Following this there was a rally under fresh bull support and talk of rains in Texas, but after a partial recovery the market turned weak under rumors that the bulls were unloading, and the market closed barely steady, net sixteen to twenty-eight points lower. Sales were estimated at 350,000 bales.

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

Schlitz

We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

PREMATURE AGE

Is Brought on by a Failing Body, as Many Wilmington Readers Know.

Failure to provide for the welfare of the body causes the body to fail, and brings on premature age. Men of 35 who are afflicted with kidney troubles walk about like men of 75. It's easy to cure it, and to regain the elastic step that you should have. A well known Wilmington man tells how.

J. A. White, electrician for the Coast Line R. R., at Rocky Mount, residing at 206 North Sixth street, says: "I have had great trouble with my back, right across the loins, and when I sat still for a while I hardly knew how to move and when I did you would think I was seventy-five years old. They are pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints, in fact, I have not had the pains since I used them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

BLACK SPRINGS, Ark., Sept. 18, 1901.

Rev. J. W. Berry (of Arkansas Methodist Conference, writes:) "Enclosed find fifty cents for which please mail me two packages of "TEETHINA." We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time; our babe was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of "TEETHINA" gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success.

INDUSTRIAL PROGRESS

The illustration shows a new roller skid which has been designed by Eduard Scharrer of Stuttgart, Germany, for the purpose of loading and unloading heavy boxes from wagons. With its use, says the Chicago News, all necessity for turning the boxes over and over as they are forced up the incline to the wagon is done away with, and there is consequently considerably less danger of damaging the contents of the package.

Fewer men are required to handle heavy freight where this skid is used, as a single cartman can push a heavy box over the rollers with ease, and the new device makes the operation practically noiseless. There is no chance

IMPROVED SKID FOR TRUCKING.

of the box sliding down the incline, as the rollers have automatic locks which prevent them from revolving backward.

The skid can be reversed for unloading goods from the wagon or may be used as a truck for moving burdens on level ground by using it with the rollers face down.

New Method of Cleansing Wool.

Edgar Baruch, until recently a graduate student in the college of chemistry in the University of California, has had the distinction of inventing a new method of cleansing raw wool, which gives promise of eventually revolutionizing the wool industry in his state if not in the entire country. Discarding the old costly and complex methods, he has devised a new process in which crude oil distillate performs the important part. This in every experiment tried with it thus far has yielded the most gratifying results, and the young scientist is now of the opinion that in such volatile solvents instead of in alkaline and soapy solutions as heretofore lies the secret of the proper degreasing of new wool.

Latest Substitute For Rubber.

A new elastic material, known as tichopiese, has, according to the Gummi Zeitung, been manufactured on a large scale near Ghent, in Belgium. It consists of a mass composed of specially treated hair and on account of its extraordinary tensile strength and almost indestructible elasticity is already finding wide technical application. For door fillings and telephone cases it is being largely used on account of the above properties and because it does not easily deteriorate. Subjected to a high pressure test, the material did not show the slightest trace of deformation, resuming its original shape on the removal of the pressure.

Soot as a Waste Product.

When acetylene is burned with an insufficient supply of oxygen, a heavy black soot is produced, which has been named acetylene black. It is stated that a factory is now running in Switzerland which produces this soot commercially, it having found some acceptance in the arts where a good, pure black covering matter is required.

WHAT LOEB IS DOING.

Account of the Latest Discoveries of This Eminent Biologist.

A preliminary account of some researches of Dr. Jacques Loeb, conducted before he left Chicago for Berkeley, Cal., is printed by the University Press of the former city. These belong to the domain of physiological chemistry and, if not so sensational as those which were imputed to him a year or two ago, may in time prove equally important. As the result of recent study Dr. Loeb concludes that the twitching of muscles in St. Vitus' dance is due to a lack of the proper amount of calcium in the patient's blood or to its being present in a condition of solution. Thus by injecting into a frog some chemical agent which would precipitate or neutralize the calcium already there one of the biologist's assistants induced the symptoms in question. Then these were allayed by injecting more calcium. A larger quantity of that element, the doctor says, seems to be necessary for twitchings that arise from a disorder of the central nervous system than for those which have a purely muscular origin; but he believes that he has found a clew to the effective treatment not only of the malady specified, but also of insomnia, locomotor ataxia and kindred troubles, which as yet baffle medical skill.

Like every other alleged scientific discovery, this will need corroboration by independent and competent experts before it can be accepted, says the New York Tribune. The world does not now implicitly trust any one investigator or observer, no matter how gifted, experienced and honest. The manner in which Dr. Barrows' announcement concerning formalin and blood poisoning has been treated by his professional brethren illustrates the point. In practically all kinds of scientific inquiry there are possibilities of error in method and misinterpretation of facts. Repetition of the experiments by others and perhaps the extension of their scope are necessary before their significance can be fully grasped. Some of Dr. Loeb's own work, indeed, has been susceptible of more than one explanation, and it has occasionally been suggested that he had failed to exclude other agencies which would produce the effects which he assigned to chemical stimulus.

Agricultural Notes.

Secretary Stockwell of the Massachusetts state board of agriculture sees promise of a wonderful change in New England's agriculture, with the farmer taking his old stand as a leader in all good enterprises.

Ashes differ from lime in that they carry some plant food, soluble potash, from 10 to 12 per cent, insoluble 1½ per cent. Much lime is also found.

According to a series of observations the horse ordinarily requires from six to eleven gallons of water a day. Horses drink more in the afternoon than in the morning.

Telling a Cow's Age.

A cow's age is indicated by her horns. At the age of two a ring of thick material forms at the base of each horn, and one ring is added every year after this becomes apparent. To find the age, therefore, count the rings and add two. In the case of a bull, however, the first ring does not appear until he is five years old, and one annual ring appears after that, so to the number of rings on a bull's horns five must be added. The result attained is, however, only approximately correct, for not only is the time of appearance of the first ring uncertain, but occasionally two rings appear in one year, and then again sometimes a year is omitted, no ring being formed. A dishonest dealer can also change the apparent age of the animal by filing off some of the rings from her horns, so that complete reliance on this sign is sometimes very deceptive.

THIS IS A PROGRESSIVE AGE.

IF I AM ANY JUDGE OF THE TIMES I THINK THIS COUNTRY IS NOW IN THE MOST PROGRESSIVE STAGE IT HAS EVER BEEN IN.

The laboring man is drawing more salary as well as all skilled labor, which has advanced in price. Everything raised by the farmer is selling at prices sufficient to bring him a profit. There seems to be work and work plenty for everybody to do. While our people are making their strides to the front I am trying to keep in the procession. My business is to sell dry goods, shoes and clothing, millinery, house furnishing goods and trunks. Our Big Store on Front street is receiving New Goods every day—we have added a big line of new white Lawn this week; this line is extra good value, 5c to 25c; a nice line of 32 inch Dress Lawns with small dots and stripes and white grounds, pretty patterns, 5c yard; one line 25c lawns in colors, bought cheap, we will run at 12½c yard.

In Overalls we have secured the agency for the Headlight Overalls, made in Detroit, Mich., and we think they are the best made. They are sold on a guarantee made of the best denin, with felled seams throughcut; we have four different lines of colors and all sizes; remember the name, The Headlight; we expect to prove to the good trade of this city that wears overalls that we have the line they want. The price is $1 a garment or $2 a suit and the caps are 15c; we are the sole agent for this overall for this city and we would be glad for you to look at them and compare them with other makes; we don't simply say they are as good, but say they are better.

For Trunks—This is the season when if you are leaving home [you want a nice trunk; we handle trunks and have a big line to show; we have a nice line of roller tray trunks for the ladies and we carry three factories' lines. The price runs from $7.50, $9, $10 and up to $15 each; canvas covered trunks, with leather straps and iron bound, $3.50 to $6 each; all styles in packing trunks from 50c up to $2 each.

A full line of leather suit cases for travelling men, $3 50, $4 and up to $6 each. Leather hand satchels from 90c, $1.25 and up to $5.

For Summer millinery we have lots of white Duck Hats and Tuscan Flats, fancy Veils with embroidered edge Silk Hats, made on frames. White and black chiffon hats and everything that is in an up-to-date millinery store. New Ribbons—Just received to-day a nice line of new Taffetta Ribbons, No. 16 and 22 at 10c. A nice line of fancy Ribbons, No. 50 at 10c per yard.

All kinds of Velvet ribbons.

Wilmington's Big Racket Store has been very successful this year. We have sold more goods than ever. We have got the goods and we want to sell them.

Remembar the new line of overalls—The Headlight. We expect to make this line of overalls carry the procession in the head ranks of the overall business.

SATURDAY MORNING, JULY 4.

A NEGRO LYNCHED IN UNION COUNTY.

Charged With Criminally Assaulting a White Woman Aged 64--Taken from Officers and Hanged by a Mob.

By Telegraph to the Morning Star

CHARLOTTE, N. C., July 3.—John Osborne, the negro charged with criminally assaulting Mrs. Lizzie Wentz, a white woman aged 64 years, in Union county, Sunday night, paid the penalty with his life last night. He was taken from the officers who were conveying him to the Union county jail and lynched at a point about two miles from Indian Trail, a station on the Carolina Central railroad. The lynching party was composed of several hundred people and the two men who had charge of the prisoner were easily overpowered. Osborne had received a preliminary hearing during the afternoon and was committed to jail to await the next term of Union county Superior Court. It is said that the negro made a full confession of the crime before he was lynched.

Frank Keziah and Luke Horton were deputized to take the prisoner to Monroe and lodge him in jail. After they had travelled about two miles of the distance, and when they were in the midst of a body of dense woodland, they were halted by a mob, who pulled the negro from the buggy and made Keziah and Horton drive on. The negro was not secured without a struggle. Keziah fired one shot at the mob before he was disarmed. The mob lost no time in tieing a rope around the negro's neck and hanging him to the limb of a tree near the road side.

When the dead body dangling at the end of a rope, was examined this morning, not the sign of a bullet hole was found, and it is supposed that the mob dispersed immediately after hanging the negro.

John Osborne, the lynched negro, was about 24 years old. He bore a bad reputation and had been accused of committing criminal assaults previous to the commission of the crime for which he was lynched. Mrs. Wentz is in a critical condition. There is no excitement in the neighborhood.

RADIUM RAYS CURE CANCER.

Medical Circles in Vienna Greatly Interested in a Case Reported to the Society of Physicians.

By Cable to the Morning Star.

VIENNA, July 3.—Medical circles here are greatly interested in a report, communicated to the Viennese Society of Physicians and read at the recent meeting of the Imperial Academy of Science, to the effect that a long standing case of cancer was cured by radium rays at the clinic of the late Prof. Gussenbauer. The patient, who was sixty-one years of age, had long suffered from cancer of the palate and lip, and had repeatedly been operated upon fruitlessly until the autumn of 1902, when the physicians of the Viennese hospital declared it was absolutely useless to operate again. One physician determined as a last resort to try radium rays and treated the afflicted parts by exposing them to the light of radium bromide, the strongest radium preparation in existence. He was rewarded by a gradual and complete disappearance of the tumors.

Physicians at the same meeting reported that radium rays had cured a case of melanosarcoma (a tumor containing a black or other dark colored matter) and several cases of red mole.

AN ADDRESS ON THE RACE PROBLEM

Adopted by the Afro-American Council in Session at Louisville, Ky.

TO THE COUNTRY AT LARGE.

Relations Between the Whites and Blacks—Mob Violence—The Crime Against Women—Disfranchisement--Address to Negroes.

By Telegraph to the Morning Star.

LOUISVILLE, KY., July 3.—The closing day of the Afro-American council was marked chiefly by the presentation of resolutions embodying an address to the country at large on the race problem. After its adoption the convention adjourned sine die.

The address in part, is as follows:

"We recognize with pleasure the friendly relation that has existed between the best people of the white race and our own, and we sincerely desire that nothing may be permitted to mar this relation. We are confident that no one who notes carefully the signs of the times can fail to discover that influences are at work in nearly every part of the land to accomplish this very end. Who can fail to see that the negro is being held up to public gaze as the most objectionable and undesirable citizen that treads American soil? The ignorant, vicious, criminal classes are pointed to as the types and products of the race, rather than those who are the output of the negroes' best endeavors for race development and uplift. We declare this stage of measurement to be unfair to any people.

"As to mob violence it is gratifying to note that for the past year or two the number of victims shows a decided decrease, and while all these were not members of our race, the vast majority was. Notwithstanding this fact, we should not feel called upon to discuss the matter at this time were it not that while the number of victims is decreasing, the variety of provocations which lead up to this act of violence is growing more and more insignificant and numerous. It is not an unusual thing to read of negroes being lynched for impudence, refusing to obey, striking a white man, etc. Now we submit that lynching for any cause is destructive of any law, is demoralizing, but to subject persons accused of—even guilty of—such trivial offences to unlawful punishment and death, is to make the negro the marked man of the nation; for him to suffer violence for such causes will eventually involve many of our best people. In some sections of the country, it means death for a negro to attempt to protect the females of his family. We ask in all sincerity: 'Is this American? Is it right?' Such actions indicate a tendency to anarchy, and anarchy for the negro will terminate in anarchy for all men.

"The number of those of our race who are now accused of the nameless crime against women is so small, compared with the whole number, that it is scarcely necessary to discuss this as a distinct outcome. Yet we make no plea for only men who may be proved guilty of this crime. Our plea is for law and for the protection of the innocent.

"It is now clearly evident that the purpose of those who first started ostensibly to disfranchise the ignorant negro has been broadened and strengthened. Their purpose now includes almost all negroes. In certain of the States this result has already been achieved and thousands of qualified men are denied positively and absolutely the right to vote. In such States taxation without representation prevails as truly as ever it did when England held control over the American colonies. We make no objection to the disfranchisement of the ignorant negro, provided the same classes of the other race are similarly dealt with. Our contention is not for special but equal privileges."

J. C. Napier, of Nashville, Tenn., in an address, said: "What the negroes want to do in this country, is to make friends with the people. Passing laws will not bring about the desired result. I would feel better away from home if I knew that I had the respect of my neighbors who were willing to protect my family during my absence, than I would with an army a thousand miles away willing to fight for my rights. These young men who come from Boston with their high notions of life, with their bloodthirsty speeches, would make it better by visiting the South, knowing something of the condition of their people and preaching to them a gospel of peace."

THE RICHMOND STRIKE.

Cars Running on All Lines—No Disorder. Strikers Still Remain Firm—Shot Fired at a Car Last Night.

By Telegraph to the Morning Star.

RICHMOND, VA., July 3.—There were no developments in the street railway strike situation to-day or to-night. Cars were run regularly on all city and suburban lines, and nothing approaching disorder has been reported from any quarter.

Cars were also run to-day over the whole extent of the inter-urban Richmond-Petersburg line, for the first time since the strike began, and no car was molested in any way. The company claims to be overwhelmed with applications for positions, and to have ample force to run all of its cars. The strikers, however, remain firm in their attitude. At least one militiaman still rides on each car, and passenger travel is increasing, having been given a considerable impetus by the prevailing torrid weather.

Late to-night a shot was fired at a car on Venable street and struck the belt of the militia man riding on the car, glanced, and fell into the lap of an old negro woman passenger. The shot was apparently from an air-gun. The person who fired it was not discovered.

The first fatality of the street car strike occurred this morning when Charles E. Graham, a striking motorman, died from a merciless and awful slashing at the hands of W. H. Lowery, another striker. Graham was literally cut to pieces, and he lost so much blood before surgeons could be brought to him that he never regained consciousness after being taken to the city hospital.

The attack on him was due to a rumor alleged to have been started by him that two of the strikers were trying to get their positions back. He leaves a wife and three children.

The coroner's jury held the case to be one of justifiable homicide.

What you pay for extracts is important, but what you get for your money is ten times more important. Burnett's Vanilla costs more because it is worth more.

PETITION IN BEHALF OF RUSSIAN JEWS.

The Czar Alone Can Decide Whether It Will be Received—Probability That It Will be Rejected.

By Telegraph to the Morning Star

ST. PETERSBURG, July 3.—President Roosevelt's decision to forward to the Russian government the petition in behalf of the Russian Jews is not published here. The Foreign Office has made the following statement:

"The Czar alone can decide whether the petition will be received, but Alexander III would never have received such a petition. The petition from the Guild Hall, called by the Lord Mayor of London in 1891, was returned through the Foreign Office as being inconvenient. The Foreign Office hopes the Americans will not invite such a slight; they would resent an anti-lynching petition. The Foreign Office has no special interest in the question except a desire that international relations remain unharmed, since the matter is purely domestic and belongs to another ministerial department."

In an article which in official circles is declared to be inspired, the *Novoe Vremya* combats the claim of free access to Russian territory.

The *Nove Vremya* declares that if all American citizens were admitted to Russia, "it would not be long before thousands of Jews who have left Russia for various reasons would return to Russia in the guise of American citizens, just as they are doing in Roumania, Bulgaria and Turkey. If Russia acceded to the United States' wishes she could not refuse to grant similar privileges in the case of other countries and would soon undergo a perfect invasion of foreign Jews."

The *Novoe Vremya* also refers to the United States restricting immigration and concludes.

"While Russia in no way assumes the right of criticising the internal measures of the United States she on the other hand will not tolerate the least interference in her private affairs on the part of Americans."

CABLE TO MANILA.

Connection Expected to be Completed and First Message Transmitted To-day.

By Cable to the Morning Star.

HONOLULU, July 3.—The cableship Anglia arrived this morning bearing the Honolulu end of the trans-Pacific cable, now extending from Manila via Guam and Midway Islands to this port. The cable will be landed at once and connected with this section of the line from Honolulu to San Francisco, already in operation. Unless some untoward event should occur, the complete line will be in operation by to-morrow morning, in accordance with the announcement made long since by Clarence Mackay, president of the Pacific Commercial Cable Company. No hitch in the arrangements is anticipated and the first message over the new line will almost certainly be transmitted by President Roosevelt to Governor Taft promptly at noon to-morrow.

MRS. PHARES ACQUITTED.

Woman on Trial at Mount Holly, N. J., for Murdering Her Husband.

By Telegraph to the Morning Star.

MOUNT HOLLY, N. J., July 3.—Mrs. Annie R. Phares who has been on trial here this week charged with the murder of her husband, Albert Phares, by poisoning, was acquitted by the jury late this evening. She did not seem surprised at the verdict and took it calmly when Judge Garrison said: "The prisoner is discharged." She clasped the hands of Eckard P. Budd, her counsel, and said: "I thank you ever so much."

When court convened to-day Prosecutor Atkinson made his closing argument and he was followed by Judge Morrison. The court's charge was an impartial one, though he told the jury that the testimony of Garfield Taylor, Mrs. Phares' paramour, should be thrown out entirely because it was absolutely unreliable. The jury took only one ballot.

THE WORLD'S COTTON.

Total Visible Supply as Shown by Secretary Hester's Statement.

By Telegraph to the Morning Star.

NEW ORLEANS, July 3.—Secretary Hester's statement of the world's visible supply of cotton, for the week ending July 3rd, issued to-day, shows the total visible to be 2,313,979 bales, against 2,395,432 last week and 2,373,661 last year. Of this the total of American cotton is 1,124,979 bales, against 1,193,432 last week and 1,532,661 last year, and of all other kinds, including Egypt, Brazil, India, etc., 1,089,000 bales, against 1,103,000 last week and 841,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe 1,243,000 bales, against 1,407,000 last year; in Egypt, 31,000 bales, against 74,000 last year; in India, 660,000 bales, against 465,000 last year, and in the United States, 380,000 bales, against 427,000 last year.

FOR RIGHT OF WAY.

Contending Forces of the Southern and the L. & N. Near Knoxville, Tenn.

By Telegraph to the Morning Star

KNOXVILLE, TENN., July 3.—Opposing forces of workingmen, representing the Southern Railway and the Louisville and Nashville, to-day occupied the right of way along the south bank of the Tennessee river here, which both roads have coveted. The Louisville and Nashville men were first and soon had portions of the track laid. The Louisville and Nashville enjoined the Southern and the latter's men finally withdrew. It is expected, however, that the Southern will seek to stop the Louisville and Nashville work, which is still proceeding. At several points there is little more than width enough for one track on account of a river bluff.

BULGARIA UNEASY.

Turkey Concentrating Strong Detachments of Troops Along the Frontier.

By Cable to the Morning Star

SOFIA, July 3.—A semi-official statement was issued to-day as follows:

"Contrary to the denials of the Porte, the concentration continues on the Bulgarian frontier of strong detachments of Turkey's infantry, cavalry and artillery. The endeavors of Turkey to deny these authenticated facts, while simultaneously reinforcing the detachments, which cannot be necessary for fighting the revolutionists, tends to show that Turkey is intentionally concealing the true objects of these military measures and is misleading Europe by circulating false reports regarding Bulgaria and her intentions."

SEVERE STORMS VISITED TEXAS.

Flooding the City of Gainesville and Sweeping Over Fine Farming Land.

THERE WAS NO LOSS OF LIFE.

Considerable Damage to Property at Gainesville and Other Towns—Railroads the Heaviest Sufferers Cloudburst in Other Part.

By Telegraph to the Morning Star

DALLAS, TEXAS, July 3.—The heaviest rain storm that has visited the Trinity and Red river valleys in years prevailed last night and early this morning, sweeping over many acres of fine farming land and flooding the city of Gainesville. The streets of that city were under from two to four feet of water throughout the early hours of to-day but the water receded during the afternoon and to-night all danger is past. While Gainesville and other towns suffered considerable property loss, the heaviest burden will fall upon the railroads. Many washouts occurred and in a few places the tracks were undermined from the heavy downpour.

There was no loss of life from the torrent. A north-bound Santa Fe passenger train ran into a washout last night eight miles south of Gainesville and Engineer M. R. Boyce was killed. No one else was injured.

At midnight last night the situation at Gainesville was considered most alarming. East of the round house in the section known as "Gander Flat," hundreds of people were in great distress, and for a time it looked as if they could not be rescued. All were gotten out in safety, however, and moved to a higher part of town.

Reports from the southwestern part of Texas, where disastrous cloudbursts prevailed yesterday, state that the loss of life will probably reach fifteen. All of the victims were Mexicans. The waters are reported to be falling and all danger is over.

EDUCATIONAL ASSOCIATION.

Closing Session—Teaching of Agriculture in the Schools Discussed.

By Telegraph to the Morning Star.

ASHEVILLE, N. C., July 3.—The closing session of the Southern Educational Association was held to-day. Dr. W. H. Lawson read a paper on "Teaching of Agriculture in the Schools," and advocated the establishment of agricultural schools between the grade of common schools and colleges. G. Victor Campbell also discussed the teaching of agriculture in the schools. Dr. Thomas Hume, of the University of North Carolina, discussed "Child Study and Sunday School Work."

Rheumacide

Is a new and scientific compound made from roots, herbs and barks—contains neither opiates nor poisons. It purifies the blood and removes the causes of rheumatism and all blood diseases. Anyone can take RHEUMACIDE with absolute safety. Does not injure the digestive organs.

TWO CURES.

FLORENCE, S. C., Aug. 16, 1903.
Gentlemen:—I began to suffer from rheumatism about three years ago, and had it very bad in my limbs. At times I could hardly walk. Was treated by a physician without benefit. More than a year ago, Mr. George Wilson, an engineer on the Coast Line, living in Florence, told me that "RHEUMACIDE" cured him. I got a bottle and it benefitted me. I took five bottles and am now as well as I ever was in my life. I regard "RHEUMACIDE" as a great medicine. I know of others it has cured.

Truly,
S. T. BURCH.

DARLINGTON, S. C., Aug. 19th, 1902.
Gentlemen:—About two years ago I had a very severe attack of inflammatory rheumatism. I suffered great pain and was confined to my bed for five weeks. During the time I was treated by two Physicians without permanent relief. Capt. Harker, a conductor on the Atlantic Coast Line heard of my condition and sent me two bottles of "RHEUMACIDE." I began to take it and in a week I got up and walked on crutches. After taking three bottles of the remedy I got entirely well and went back to my business.

I personally know of a number of other bad cases that were cured by the use of your medicine, in this town and vicinity. It is all that you claim for it.

Truly, J. L. SISKRON.

Sold by Druggists. Will be sent express paid on receipt of $1.00.
